4-In-1 DIGITAL X-RAY IMAGING SYSTEM

16x9 FOV & 18x10

The G2 is the highest image quality in dental imaging with not even a close second. When compared to the other systems in the market place, the G2 stands alone. Why not get the Best for less. Check with the PSC Group on

- 4-in-1 Digital (PANO, CEPH, CBCT/Model)
- LOW DOSE AND HIGH Image Quality
- MULTI FOV SELECTION
- THE ART-V
- GREEN SCAN TIME
- 3D SCANNING FOR MODEL

New 5 Year Warranty

4.8 MM ULTRA-SLIM DESIGN

HD Sensor

REDEFINING INTRAORAL SENSORS

Experience the highest resolution

VATECH quality and design

New contrast filters for your perfect image

Direct interface with USB 3.0

Available sizes are: 1.0, 1.5 and 2.0

Experience the Highest Resolution

The HD Sensor is clinically usable at a wide range of exposure settings and is more consistent than all of the other sensors in the market. Practitioners benefit from reducing exposure-related retakes and finding it less time consuming. Also, patients benefit from the reduction of radiation exposure. With our high sensitivity sensor, you can capture diagnosable images under any condition, even when using old X-ray source.

Ez Dent—i 2D Software

The World's First Clinical Imaging & Patient Consultation Solution. With over 200 unique animations, VCT gives you the tools to not only educate patients on treatment plans, but also show how the plan is relevant to their specific case.

Using our revamped Sharpening and Max Sharpening Tool, enhance the quality of your images even further than ever before.

Organize and export your images quickly and efficiently and avoid complicated procedures and training using EzDent-i intuitive Click-and-Drag interface.

Purchase 2 HD sensors for \$ 6,595.00 each and receive a Free sensors + EzDent-i Software at No Charge.

EzRay Air W

Weight Innovation Wall-Mounted Intraoral X-ray

Wall mounted EzRay Air is a lightweight x-ray device designed for easy handling and stable positioning for optimal image quality on your intraoral X-rays. The EzRay Air's lightweight tube head provides users with a stable and easy-to-use x-ray source which maximizes image clarity and optimizes work flow.

Smart Dial for All Functions

The operating panel located on the tube head creates a much simpler and much faster work flow. Using the Smart dial, practitioners will notice a decrease in preparation time and it eliminates the need to remember complicated control buttons and configurations.
