

- 4-IN-1 DIGITAL (PANO, CEPH, CBCT, MODEL)
- LOW DOSE & HIGH IMAGE QUALITY
- MULTI FOV SELECTION
- THE ART-V
- GREEN SCAN TIME
- 3D SCANNING FOR MODEL

You don't need to imagine anymore. Low dose radiation scans are a reality. Imagine a device that can provide superior diagnostic quality radiography and significantly lower dose at the same time. Imagine what it all can do for a dental practice and patient safety.

4-in-1 Digital

Green CT 2 is an advanced 4—in-1 digital X-ray imaging system that incorporates PANO, CEPH (optional), CBCT and MODEL Scan. It provides high quality images with lower radiation by combining imaging processing and accumulated experience in dental imaging from VATECH. This will improve your diagnostic accuracy with increased treatment planning and patient satisfaction.

Safe for Children

The FDA cleared Green CT for use on children. Children are more sensitive to radiation than adults, exposing children with adult-sized dose poses greater danger to children. Green CT emits child-sized x-ray doses which minimizes danger to our children.

Raising the Bar for Excellence

i3D Premium

Large 21X19 FOV for complete diagnostic imaging needs

The Optimal Solution for Airway and ENT diagnostic

The Most Suitable FOV size for a Complete Diagnosis—21X19

Oral & Maxillofacial surgery

Facial reconstructions

Orthodontic treatment planning

Complex orthognathic cases

• **Simple Patient Positioning**

• **Space Efficiency**

• **Posture Stability**

• **Wheelchair Accessibility**

The i3D Premium utilizes a proprietary 49.5 micron high resolution X-ray sensor which makes it the finest pixel and highest resolution CBCT available on the market today.

Automatically
Generates up to
6 types of images
in 1 scans

Fields of

View:

21X19, 17X15,
17X11, 12X9 & 8X8

Dental Pioneer
vatech

5 year Vatech warranty plus 10 year sensor warranty.

The i3D Premium offers a wide range of selectable Fields of View (FOV). This selectable FOV helps limit patient radiation exposure, and allows users to capture only the region of interest. Clinicians can select between 21X19, 17X15, 17X11, 12X9 & 8X8 FOV.

VATECH ASSURANCE

EzRay Air

WEIGHT INNOVATION

**WORLD'S FIRST CNT PORTABLE X-RAY
FASTER WORKFLOW**

With the latest in lightweight portable X-ray technology, Vatech's EzRay Air provides users with a stable and easy to use X-ray source which maximizes image clarity and optimizes workflow.
